

## **Vision of Shalakyatantra branch of SGT University**

To establish it as the best Shalaky department through proving, that Ayurveda can provide best management for all Shalaky diseases (diseases of ear, eye, oral cavity, nose, scalp etc/ diseases above supraclavicular regions), in its both preventive as well as curative aspect.

Mission –

to prove .

- To create confidence among scholars that we can deal every cases of shalaky tantra by Ayurveda only, through a logical, well explanatory and comparative method of teaching.
- To make awareness among society that through Ayurveda also they can get a quick and effective solution for there every problems related to Shalaky.
- To make awareness among society that their sense organs can be prevented from damage through advises of Ayurveda.
  
- To develop a team spirit among all faculties of Ayurveda, in this institute that we can perform a leading role for establishing Ayurveda as the complete and best medical science.
